

IMPLEMENTING ORGANIZATION-WIDE CHANGE REQUIRES A SOLID PROCESS

Thursday, June 24 • 8:30-10:30 am
at The Parinet Group Headquarters with Dr. Jim Bohn

Installing an Organizational Application is Anything But Easy!

Join us on June 24 as Dr. Jim Bohn takes us through a 10-step process about system change.

We will discuss several risks to avoid including:

- ROI blindness
- Using the “B” Team instead of the “A” Team
- Lack of Organizational Readiness
- Rushing to Implement Technology before Analyzing Process

Our group discussion will include concerns about:

- Managing change
- Ensuring data integrity
