*with Parinet Group Member Panelists Janet Carwell, Jim Denomme, Phil Heston and Mike Sekula*

Join us for a roundtable event as we explore the latest trends in:

**Supply Chain Disruptions** and **Strategies for Success**

*In today's market, how do you demonstrate **supply chain agility**?*

- **International Transportation** timing and **Shipping and Fulfillment** challenges
- **Commodity pricing** and the driving factors
- **Supplier Requirements** – setting expectations for quality and on-time delivery
- **Material Cost Outlook** – price increases, quality issues, and product availability problems
- **Sales and Operations** – including long- and short-term planning

### PARANET MEMBER CONTRIBUTORS:

**Janet Carwell** is the Director of Strategic Sourcing and Supply Chain at Richfield-based Server Products. She oversees all aspects of purchasing, sourcing, inventory management, custom regulations and shipping/receiving. She has a strong interest in supply chain innovation and efficiencies.

**Phil Heston** is Vice President at Alter Trading in Milwaukee, the largest independent scrap processor in the Midwest. He manages the foundry as well as steel mill raw material needs. Phil has gained a reputation as a trusted source for the most up-to-date information on commodities, mill time, and price direction.

**Jim Denomme** is Chief Operating Officer at Metal-Era, an edge metal manufacturer based in Waukesha. Metal-Era's customers include retail giants McDonald's, Wal-Mart, Amazon and Firestone. Jim has been in the business for 30 years, beginning as a Manufacturing Engineer with General Motors.

**Mike Sekula** is the Vice President of Global Supply Chain Management & Safety at InPro in his home town of Muskego. Mike's areas of expertise in supply chain oversight include: procurement, logistics, scheduling, continuous improvement, environmental management and safety. He excels at supplier collaboration.
